OYSTER 885 SERIES II

DESIGNED TO OPEN UP NEW HORIZONS

The Oyster 885 Series II is a remarkable 90-foot sailing yacht.

Designed and engineered to deliver exceptional comfort and safety without compromising sailing performance, she is exhilarating to sail and capable of taking you anywhere in the world.

INTELLIGENT DESIGN FOR PERFORMANCE AND LUXURY

At just under 90 feet, this luxury sailboat comes in just below the 24m Load Line Rule. She is a stunning-looking yacht; every inch is intelligently utilised, and she cuts through the red tape for managing larger vessels.

The generous living space is very welcoming and there is a large entertaining area on deck. Below, there are four en-suite double guest cabins. Her distinctive wrap-around saloon windows flood the space with natural light. Combine this with Oyster's signature seascape windows in the aft guest cabins, and you enjoy a wonderfully open feel with spectacular ocean views all round.

FEATURES

- **Four double guest cabins en-suite**
- **Large glazed power-assisted companionway door to saloon**
- **Standard Carbon rig with Park Avenue boom**
- **Single point mainsheet with captive reel winch operated with easy joystick controls**
