OYSTER 495

A NEW BLUEWATER BENCHMARK

Winner of European Yacht of the Year 2023, the new Oyster 495 is the latest collaboration between Humphreys Yacht Design and Oyster's inhouse design studio.

She combines innovative design, excellent sailing characteristics, quality materials and superb British craftsmanship in a thoroughly modern 50 foot bluewater sailing yacht. She rewrites the rulebook of what you should expect from a yacht of her size.

BETTER BY DESIGN

The award-winning Oyster 495 boast a range of features distilled from our larger yachts. The iconic Oyster styling is obvious, she is effortless to sail, delivers consistently fast passage speeds and features contemporary new generation luxury interiors.

With clean hull lines and carrying her beam well aft, the 495 offers excellent stability and sailing performance. Her twin rudder configuration makes her light and easy on the steering in even the most boisterous of conditions. Protected twin helms offer excellent visibility, and an array of innovative, automated sailing technology means she is a joy to sail.

There are four interior styles to choose from, each tastefully considered for practicality and comfort. The hull provides excellent volume and luxury accommodation for six guests, with ensuite facilities. A well equipped u-shaped galley naturally integrates with the spacious, light and airy saloon. The truly impressive master cabin, with Oyster signature Seascape windows, is light and spacious. She features Oyster's latest technology, entertainment and proprietary mood lighting systems, together with vessel monitoring via the Oyster Command System™.

FEATURES

- **Three-cabin configuration**
- **Available in four alternative interior styles**
- **Electric cassette bathing platform**
- **Large cockpit and protected helm positions**
- **Owner's cabin with signature triple vertical Seascape windows**
- **Easily accessible engineering features**
