**The Oyster 885GT – Grand Tourer
for the Ocean**

An evolution of the 885 Series II, optimised for fast, comfortable and effortless passage-making, inspired by the Grand Tourer automobiles of the 1950s.

A N D L U X U R Y

At just under 90 feet, the 885GT comes in just below the 24m Load Line Rule, cutting through the red tape that comes with larger vessels.

Performance-enhanced sailing capabilities achieved by cutting the overall weight for reduced displacement. Weight-saving features include custom T-keel with cast bronze fin and lead bulb. A taller carbon rig with SCR rigging offers further weight savings and significantly increased sail area for added power and control, with up to 5% more upwind sail area and 15% more downwind sail area.

On deck, there are large entertaining spaces. Below is a luxurious and light living space with distinctive wrap-around saloon windows. The owners' cabin and four en-suite aft double guest cabins feature Oyster's signature seascape windows adding a sense of space.

Discrete forward crew quarters mean privacy is assured. The crew cabins are all ensuite and there is a dedicated mess space and forward hatch.

F E A T U R E S

- **Extended bowsprit for increased downwind sail area**
- **Upgraded winches**
- **Custom GT branding**
- **State of the art B&G instruments**
- **4m T-keel with lead bulb to increase righting moment**
- **A taller carbon mast for extra sail area and increased speed**
- **EC 6 Carbon Standing Rigging to reduce weight aloft and stiffen the yacht by lowering VCG**
- **North 3Di Ocean Sail wardrobe**
- **Large glazed power-assisted companionway door to saloon**
- **Large hydraulic swimming platform with 'anti-slap' features**
- **Lloyd's Register certified hull and deck moulding**
